# Launch a comprehensive vaccination program and turn your pharmacy into a healthcare destination.

## Get up and Running with VaccineComplete

**VaccineComplete** from **Outcomes®** lets you see a patient's missing vaccinations so you can offer them during a pickup visit, or proactively schedule your vaccine-eligible patients. Through our Collaborative Practice Agreement (CPA), you can offer immunizations for MMR, TDAP, HPV, shingles, pneumonia, seasonal flu and more. Operating at the top of your license has never been easier.

- Immunization Collaborative Practice Agreement (CPA) to administer vaccinations (select states)
- Identify patients who qualify for certain immunizations using the state registry
- Automatic state immunization registry reporting
- Prescriber notifications

Health Mart® is proud to partner with Outcomes® to provide you with innovative solutions to manage your vaccination program. **Visit the Health Mart Retail Vaccine Programs booth to learn more.**

# Collaborative Practice Agreement for Immunization

A physician-signed, state-specific Immunization Protocol for Vaccines (also known as a Collaborative Practice Agreement) allows participating pharmacists to perform immunizations based on state-specific regulations without the need of a physician's prescription. Outcomes<sup>®</sup> dedicated CPA Team manages all aspects of the CPA including but not limited to, updating CPA documentation for state compliance, managing physician relations, contracting, renewals and protocol updates so you can focus on patient care.

- **Allows you to prescribe and administer eligible immunizations**
- **Guides you to administer appropriate vaccines per ACIP and CDC guidelines**
- **Regular protocol updates reflect current CDC guidelines and state-specific regulations**

Health Mart<sup>®</sup> is proud to partner with Outcomes<sup>®</sup> to provide you with innovative solutions to manage your vaccination program. **Visit the Health Mart Retail Vaccine Programs booth to learn more.**

# FAQs

## Q: Which providers are covered under the CPA?

The CPA covers pharmacists and the pharmacy staff that pharmacists can delegate vaccine administration to, based on state law; no other healthcare providers are covered under the CPA.

## Q: Which vaccinations are covered by the CPA?

This varies by state. The CPA covers all the vaccinations pharmacists are eligible to administer by state law.

## Q: Does the CPA cover pediatric vaccines?

This varies by state; please contact [vaccineprograms@mckesson.com](mailto:vaccineprograms@mckesson.com) for more information on your state.

## Q: Is the CPA included with VaccineComplete?

Yes, the CPA is included for all VaccineComplete users in available states.
